

AG100 STANDARD BLADES

CONSTRUCTION SERIES BLADE

ASPHALT U-SLOT SEGMENT BLADES

The **AG100 Series** is a standard-performance asphalt diamond blade engineered for fast, dependable cutting of asphalt and green concrete. Its deep U-slot segment design helps remove cutting debris and improve cooling, while the special formatted bond maintains consistent diamond exposure in abrasive materials. The **AG100** delivers reliable wet or dry cutting performance for high-speed saws and low-horsepower walk-behind saws.
