

CB100 ZENESIS™ WET CORE BITS HARD MATERIAL

PROFESSIONAL CORE BITS

WET HARD MATERIALS

The **CB100 ZENESIS™ Wet Core Bit** is a premium wet core bit designed for hard concrete, reinforced concrete, granite, brick, and concrete block. Featuring **ZENESIS™ Pattern Diamond Technology** and 10 mm (.394") laser-welded segments, it delivers fast drilling, extended bit life, and consistent professional performance in demanding coring applications.

APPLICATION

Hard concrete, Granite, Brick, Reinforced concrete, Concrete block

EQUIPMENT

Core drill

TECHNICAL SPECIFICATIONS

SEGMENT HEIGHT	10 mm (.394")	PERFORMANCE LEVEL	ZENESIS™
CONFIGURATION	Segmented	DRILL CONNECTION	5/8"-11, 1-1/4"-7
ASSEMBLY	Laser welded	COOLANT	Wet
