

CC100 PREMIUM BLADES

CONSTRUCTION SERIES BLADE

CRACK CHASER BLADES

The **CC100 V-Shaped Crack Chaser Blade** is engineered for routing, cleaning, and widening cracks and control joints in concrete and asphalt prior to repair. Its premium laser welded V-shaped diamond segment provides fast material removal while producing a clean, consistent groove for improved bonding of crack repair compounds, sealants, and fillers. Designed for professional contractors, the CC100 delivers long service life, excellent tracking, and dependable cutting performance in both wet and dry applications.

APPLICATION

Concrete, Asphalt

EQUIPMENT

Angle grinders, Crack chaser grinder, Crack chaser saw
