

GC304 PREMIUM GRINDING CUP

CONSTRUCTION SERIES SURFACE PREPARATION

GRINDING CUP STAGGERED SEGMENT

The **GC304 Staggered Segment Diamond Grinding Cup Wheel** is engineered for aggressive surface preparation, coating removal, and fast material grinding on concrete, masonry, and stone. Its staggered segment design provides excellent balance, reduced vibration, and improved grinding efficiency while promoting cooler operation and longer tool life. Built with premium diamond segments, the GC304 delivers dependable performance for professional contractors in demanding grinding and restoration applications.

APPLICATION

Concrete, Masonry, Stone

EQUIPMENT

Angel grinder
