

HM400 SUPREME BLADES

CONSTRUCTION SERIES BLADE

HARD CONCRETE BLADE

The **HM400 Series** is segmented turbo designed for professional cutting of hard, non-abrasive materials such as cured concrete, reinforced concrete, hard pavers, brick, concrete pipe, and masonry products. Engineered with a premium diamond bond, the **HM400** delivers fast, smooth cutting, extended blade life, and consistent performance in demanding applications. Compatible with small angle grinders, large angle grinders, cordless grinders, and circular saws, it is the ideal choice for contractors who require reliable performance and precision on every job.
