

RE100 PREMIUM BLADES

CONSTRUCTION SERIES BLADE

REFRACTORY BRICK BLADES

The **RE100 Series** is a **premium diamond blade** engineered specifically for cutting refractory brick and other high-temperature refractory materials. Featuring a premium medium bond and 10 mm (.394") laser-welded segments, the **RE100** delivers fast, accurate cutting with excellent blade life in demanding furnace, kiln, foundry, and industrial maintenance applications. Designed for professional masonry saws, the **RE100** provides reliable performance where precision and durability are essential.

APPLICATION

Refractory brick

EQUIPMENT

Masonry saw
