

RS100 PREMIUM RING SAW BLADES

CONSTRUCTION SERIES BLADE

CONCRETE BLADE

The **RS100 Premium Wet Ring Saw Blade** is engineered for professional contractors requiring fast, accurate cutting in concrete, demolition, and masonry applications. Manufactured using precision laser-welded segments and a premium diamond bond, the RS100 delivers smooth cutting performance, extended blade life, and consistent results in demanding wet-cutting environments. Designed specifically for ring saws, it provides exceptional control and cutting depth where conventional handheld saws cannot reach with a 10 in depth of cut.

APPLICATION

Bond 10 - Clay Roof Tile, Cured Concrete, Hard Concrete, Masonry
Bond 30 - Clay Roof Tile, Cured Concrete, Masonry

EQUIPMENT

Ring saw

TECHNICAL SPECIFICATIONS

SEGMENT HEIGHT	8 mm (.315")	PERFORMANCE LEVEL	Premium
CONFIGURATION	Segmented	ARBOR	Ring
