

ST102 STANDARD BLADES

CONSTRUCTION SERIES BLADE

STONE TURBO BLADE

The **ST102 Stone Turbo Blade** is designed for fast, smooth cutting of engineered stone, granite, and other natural stone materials. Its precision turbo rim delivers clean cuts with excellent control, while the reinforced steel core provides long-lasting durability for everyday fabrication and installation work. Compatible with flush cut adapters, the ST102 offers added versatility for close-proximity cutting applications, making it an excellent choice for professional contractors and stone fabricators.

APPLICATION

Engineered Stone, Granite

EQUIPMENT

Angle grinder, Circular saw
